Congratulations on the new beginning for All Saints' Episcopal Church!

On behalf of the vestry and people of Trinity church in Boston, we're writing to let you know that we are praying for you and wishing you the best as you begin this new chapter in your congregation's life. Please know that the people of Trinity are standing with you and praying God will bless and sustain you...

Like every church, Trinity is always working to better understand and live out how God calls us to be stewards of time, talent and treasure. If our experiences and practice can be in any way a source of inspiration for you, we would be honored to offer them up....

We give thanks to God for the congregation of All Saints Episcopal and pray God will strengthen and inspire your renewed ministry."

Faithfully yours,

The Rev. Anne B. Bonnyman
